---	---	-------	------	-----	----	----

Agreed rate: A cheque will be made out to the 'Payee' listed on the booking confirmation document, and will be available from the bar immediately after the show. The cheque can be cashed at the bar if there is sufficient cash on hand.

Band Perks: 1 free drink per band member (effective January 1, 2023).

Equipment: - A stage (11' x 8' approx) and a dance floor area is provided by the venue (with a couple of 110v outlets).

- The performer agrees to provide all required equipment, electronics and lighting to put on an entertaining show.

- Equipment must not impede access to the ATM or Keno machines near the dance floor area.

- It may be necessary for five-piece bands to expand out a bit onto the dance floor, but we need to ensure that there is enough room on the dance floor to permit dancing.

- Load in and sound check should be completed by ½ hour before show's start time, and tear down should be immediately after the show's closing time.

- Load in is through the door beside the stage (to the right of the Sub shown in the above photograph), and equipment bags can be stored on the south side of that loadin door. You can get the key from the night bartender. We recommend locking the door before the performance starts to discourage patrons from entering into your stage area.

Volume: The volume of the performance should not be intrusive (max around 100 Db).

Marketing: - Both parties are expected to promote each event through their social & media channels.
- The performer is welcome to sell their artist's merchandise (CD's, shirts, etc) on premises.

Cancellations: - If a cancellation of any of these dates by either party is necessary, there will be no penalty or cancellation fee assessed by either party.
- Replacement bands can be suggested by the cancelling performer, but replacement decisions remain with the venue.
